FORE WOMEN ONLY

The Ladies' Association will attempt to get together during the month of March to make plans for the Spring Banquet. We are hoping that this weather straightens out so we can have a "get together" on a Tuesday night and brainstorm ideas regarding a theme and decorations for the spring meeting.

The Golf Committee met in January and set the dates for the 2019-2020 golf tournaments. The dates for the Ladies' Four-Person Best Shot tournaments have been set for June 11 and July 30th, 2019. The ladies will also be in charge of Bob Roth's Big Bucket Open on September 15th. It is a 3 Person Best Shot-8 inch tournament.

NEW HOLE MARKERS

This is your opportunity to contribute to the improvement of Mt. Pleasant Golf & Country Club. This spring we are installing very sharp looking Green Granite Hole markers. With a one time contribution of \$1,200 you will purchase 1 stone for the club and your name or memorial will be engraved on the stone for members to acknowledge for years to come (or if you wish your gift to be anonymous that would be gladly honored). We currently have six commitments leaving nine stones available. If you are interested, please contact Kim Henkle or any of our Board Members directly (Jay Bowlin, Steve Crew, Darrell Smith, Dan Walderbach, & Dave Weiss)

UNDER CONSTRUCTION

The clubhouse will be getting foam insulation from March 9th through the 12th. Sometime after this we will be looking for volunteers in the upcoming weeks to assist in removing the ceiling tiles, insulation on top of the tiles, then put the new tiles in and clean the railing that holds the tiles. If you are interested in helping with this project, please let Kim or a board member know so we can put you on the list with your phone numbers. We will call when we are ready and see if you are available. This is a big job for the club but a well needed update for us. We will also be updating the lighting in this project. This part will be done by a local business.

If anyone is interested in the old ceiling tiles or insulation lying on top, please be available when we remove them as they need to be taken at time of removal or they will be put in dumpster.
